1. A city	Objective 1:	Consistent. The proposed
supported by	Infrastructure supports the three cities	amendments will not tangibly affect
infrastructure	Objective 2:	the use and operation of existing
	Infrastructure aligns with forecast	infrastructure, or the anticipated
	growth – growth infrastructure	future use and operation of planned
	compact	infrastructure.
	Objective 3:	
	Infrastructure adapts to meet future	
	needs	
	Objective 4:	
	Infrastructure use is optimised	
2. A	Objective 5:	Consistent. As above.
collaborative	Benefits of growth realised by	
city	collaboration of governments,	
	community and business	
Liveability		
3. A city for	Objective 6:	Consistent. As above.
people	Services and infrastructure meet	
	communities' changing needs	
	Objective 7:	
	Communities are healthy, resilient	
	and socially connected	
	Objective 8:	
	Greater Sydney's communities are	
	culturally rich with diverse	
	neighbourhoods.	
	Objective 9:	
	Greater Sydney celebrates the arts	
	and supports creative industries and	
	innovation	
4. Housing the	Objective 10:	Consistent. The PP was prepared
city	Greater housing supply	having regard to Principle 2 and Action
	Objective II:	2B of Inner West's Local Housing
	Housing is more diverse and	Strategy (LHS):
	affordable	Principle 2: 'Accommodate
		housing growth through a range
		of sensitive infill compatible with
		heritage values and local
		character – enabling areas to
		evolve with respect over time.'
		o Action 2B: Continue to
		identify and conserve items
		of environmental heritage,

Directions	Objectives	Consistency
	-	and heritage conservation
		areas'
		Council is undertaking a number of
		strategic planning initiatives to
		implement the LHS, including place-
		based investigations. These initiatives
		will acknowledge and take into
		account any sites or areas of
		identified heritage significance,
		including those contained in this PP.
		G C
		The PP includes 3 sites that are located
		within housing investigation areas
		identified in LHS. These include:
		Annandale Hotel (Parramatta
		Road Corridor – Camperdown
		precinct);
		The Royal Exchange Hotel
		(Marrickville Station precinct);
		and
		Livingstone Hotel (Petersham
		Station / Crystal Street precinct).
		, , , , , ,
		The proposed new listings are
		incorporated into Council's place-
		based plan-making for these areas.
		Overall, they do not adversely impact
		on Council's implementation of it's the
		LHS to meet housing supply, diversity
		and affordability needs.
5. A city of	Objective 12:	Consistent. As above. The PP is

	Environmental Planning	stage, in accordance with statutory
	2	stags, in accordance with statutory

	and Assessment Act regarding Community Participation Plans	requirements and Council's Community Engagement Strategy 2022-24 (including its Community
13. Develop diverse and strong stakeholder relationships to deliver positive planning outcomes	13.1 Continue to work with neighbouring councils, state agencies, ATSI peoples, advocacy groups and research institutions, to facilitate co-ordinated planning and ensure the views and goals of he Inner	Participation Plan).  Consistent. As above. Further consultations on this PP will involve a variety of stakeholders, including landowners, relevant agencies – including Heritage NSW – and the Inner West community.
	Camperdown-Ultimo Collaboration Area 13.2 Ensure placed based planning guides the zoning and development of the Camperdown-Ultimo Collaboration area by undertaking the necessary studies and preparing a master plan supporting employment uses as the major focus, enabling the entire precinct to be a Low Carbon-High Performance precinct and establishing a biotechnology hub in Camperdown. This should include provision of public mass transit on dedicated lanes on Parramatta Road 13.3 Prepare Inner West LEP and DCP provisions to enable affordable spaces for medical innovation and research, as well as health services and other supporting uses, and safeguard these activities from unrelated commercial uses 13.4 Identify pilot projects for collaboration that maximise shared use of facilities 13.5 Work with Greater Sydney Commission to facilitate collaboration with	The PP contains one pub located within the Camperdown-Ultimo Collaboration Area – the Annandale Hotel, which is located within an existing heritage conservation area (HCA) on Parramatta Road.  This proposed listing will form a consideration in place-making and collaboration initiatives for Camperdown-Ultimo Collaboration Area. It will not impact on the achievability of place-making objectives for the area, nor will it have any cross-boundary implications for the Collaboration Area.
	facilitate collaboration with key stakeholders and	

agencies to create a health and education precinct of international standing Parramatta Road Corridor Consistent. As above. 13.6 Implement the finalised housing, employment and The Annandale Hotel is located within transport strategies, and the Camperdown Precinct of the the Parramatta Road Parramatta Road Corridor. Its Corridor Transport Study, proposed listing will form a and prepare urban design consideration in Council's place-/ place based / open space making exercise for the precinct. studies to inform planning proposals to implement the Parramatta Road Corridor Urban Transformation Strategy: Implementation Plan 2016-2023 and Urban Amenity Improvement Plan, subject to the provision of public mass transit being provided on dedicated lanes on Parramatta Road 13.7 Collaborate with Parramatta Road Corridor councils to ensure planning for Parramatta Road is integrated across LGA boundaries 13.8 Prepare Parramatta Road Corridor local contributions plan to address funding of local infrastructure and services in the Corridor 13.9 Seek a variation under the Section 9.1 Direction for the Parramatta Road Corridor Urban Transformation Strategy to retain the existing industrial land within the corridor and undertake further investigations to identify any additional variations required for the existing employment lands within the corridor. The Bays Precinct Consistent. The PP does not relate to Actions 13.10 - 13.11 any land within the Bays Precinct.

14. Deliver visionary long term planning and responsible decision making reflective of our Community Strategic Plan 14.1 Consolidate the legacy planning controls and contributions plan into an Inner West LEP, DCP and Contributions Plan applying best practice planning based on evidence, placemaking and community input

14.2 Ensure Council's strategic plans and public benefit are considered in Voluntary Planning Agreements and in any decision regarding the acquisition or relinquishing of Council assets to ensure that Council's assets and services meet community needs and objectives now and into the future

14.3 Show leadership in sustainable resource management of Council assets, including retention of land for future use, achieving carbon neutrality, re-use of Council buildings and/or pilot projects

Consistent. The PP delivers upon specific actions of Inner West's Community Strategic Plan, as detailed below.

The PP proposes amendments to IWLEP 2022. It will be accompanied by a review of existing DCP provisions, which will be undertaken in tandem with the preparation of the draft consolidated Inner West DCP. Any required DCP amendments will be made to existing DCPs for former Ashfield, Marrickville and Leichhardt LGAs, with an eye to incorporating into the eventual consolidated Inner West DCP.

Table 6 - Consistency with Section 9.1 Directions (issued 21 September 2023)

No.	Title	Consistency with terms of direction	Consistency			
Focus	Focus area 1: Planning Systems					
1.1	Implementation of Regional Plans	Objective: The objective of this direction is to give legal effect to the vision, land use strategy, goals,	Consistent			
		directions and actions contained in Regional Plans.				
		Application: This direction applies to a PPA when preparing a planning proposal for land to which a Regional Plan has been released by the Minister for Planning.				
		<b>Direction 1.1</b> Planning proposals must be consistent with a Regional Plan released by the Minister for Planning				
		Comment: The PP is consistent with the Greater Sydney Region Plan (GSRP). An assessment of the PP's consistency with relevant directions and objectives of the GSRP is included earlier in this report at Table 1.				
1.2	Development of Aboriginal Land Council Land	Not applicable Inner West LGA is not identified on the Land Application Map contained within State Environmental Planning Policy (Planning Systems) 2021.	Not applicable			
1.3	Approval and Referral Requirements	Not applicable  The PP does not propose to include provisions that require the concurrence, consultation or referral of DAs to a Minister or public authority.	Not applicable			
1.4	Site Specific Provisions	Not applicable  The PP does not contain any site-specific provisions.	Not applicable			
Focus	area 1: Planning Syste	ems – Place-based				
1.5	Parramatta Road Corridor Urban Transformation Strategy	Objective: The objectives of this direction are to: a) facilitate development within the Parramatta Road Corridor that is consistent with the Parramatta Road Corridor Urban Transformation Strategy (November 2016), the Parramatta Road Corridor Implementation Tool Kit, and the Parramatta Road Corridor Urban Transformation Implementation Update 2021,	Consistent			

No.	Title	Consistency with terms of direction	Consistency
		b) provide a diversity of jobs and housing to	
		meet the needs of a broad cross-section of the community, and	
		c) guide the incremental transformation of the	
		Parramatta Road Corridor in line with the	
		delivery of necessary infrastructure.	
		Application:	
		This direction applies where an RPA prepares a PP	
		for land in the Inner West LGA, that applies to	
		land within the Parramatta Road Corridor as	
		identified on the Map titled Parramatta Road	
		Corridor on pages 14 and 15 of the Parramatta Road Corridor Urban Transport Strategy	
		(November 2016).	
		Direction 1.5	
		A PP that applies to land I the nominated LGAs	
		within the Parramatta Road Corridor must:  a) give effect to the objectives of this direction,	
		b) be consistent with the Parramatta Road	
		Corridor Planning and Design Guidelines	
		(November 2016) and particularly the	
		requirements set out in Section 3 Corridor-	
		wide Guidelines and the relevant Precinct Guidelines,	
		c) be consistent with the staging and other	
		identified thresholds for land use change	
		identified in the Parramatta Road Corridor	
		Implementation Plan 2016-2023 (November	
		2016), and the Parramatta Road Corridor Urban Transformation Implementation	
		Update 2021, as applicable,	
		d) contain a requirement that development is	
		not permitted until land is adequately	
		serviced (or arrangements satisfactory to the	
		RPA, or other appropriate authority, have been made to service it) consistent with the	
		Parramatta Road Corridor Implementation	
		Plan 2016-2023 (November2016),	
		e) be consistent with the relevant District Plan.	
		Comment:	
		The PP contains one site, the Annandale Hotel,	
		which is in the Camperdown Precinct of	
		Parramatta Road Corridor. This precinct is subject	
		of an ongoing Structure Plan exercise, which will	
		inform an eventual planning proposal to amend	
		relevant controls for the precinct. Council's Structure Plan preparation is taking into account

Focus	area 2: Design and P		
Focus	area 3: Biodiversity o	ınd Conservation	
3.1	Conservation	Objective:	Consistent
	Zones	The objective of this direction is to protect and	
		conserve environmentally sensitive areas.	
		Application:	
		This direction applies to all PPAs when preparing a	
		PP.	
		Direction 1.1	
		1) A PP must include provisions that	
		facilitate the protection and conservation	
		of environmentally sensitive areas.	
		2) A PP that applies to land within a	
		conservation zone or land otherwise	
		identified for environment	
		conservation/protection purposes in a	
		LEP must not reduce the conservation	
		standards that apply to the land	
		(including by modifying development	
		standards that apply to the land).	
		Comment:	
		There are no conservation zones in Inner West	
		LGA. The PP does not reduce the conservation	
		standards that apply to land in the LGA.	
3.2	Heritage	Objective	Consistent
	Conservation	The objective of this direction is to conserve	COLISISTELL
		items, areas, objects and places of environmental	
		heritage significance and indigenous heritage	
		significance.	
L	I	organitoda loo.	

No.	Title	Consistency with terms of direction	Consistency
NO.	Title	Application This direction applies when a PPA prepares a PP.  Direction 32  A PP must contain provisions that facilitate the conservation of:  a. items, places, buildings, works, relics, moveable objects or precincts of environmental heritage significance to an area, in relation to the historical, scientific, cultural, social, archaeological, architectural, natural or aesthetic value of the item, area, object or place, identified in a study of the environmental heritage of the area,  b. Aboriginal objects or Aboriginal places that are protected under the National Parks and Wildlife Act 1974, and c. Aboriginal areas, Aboriginal objects, Aboriginal places or landscapes identified by an Aboriginal heritage survey prepared by or on behalf of an Aboriginal Land Council, Aboriginal body or public authority and provided to the relevant planning authority, which identifies the area, object, place or landscape as being of heritage significance to Aboriginal culture and	Consistency
3.3	Sydney Drinking Water Catchments	Comment: The PP increases the level of heritage protection that applies to land in Inner West LGA, consistent with heritage assessments prepared by expert heritage consultants.  Not applicable Inner West LGA is not identified as an LGA within the Sydney drinking water catchment.	Not applicable
3.4	Application of C2 and C3 Zones and Environmental Overlays in Far North Coast LEPs	Not applicable  The direction does not apply to Inner West LGA.	Not applicable
3.5	Recreation Vehicle Areas	Not applicable The Direction is not applicable to this PP.	Not applicable

No.	Title	Consistency with terms of direction	Consistency
3.6	Strategic Conservation Planning	Not applicable The PP does not relate to land identified as avoided land or strategic conservation area under the SEPP (Biodiversity and Conservation) 2021.	Not applicable
3.7	Public Bushland	Not applicable The PP does not affect any public bushland.	Not applicable
3.8	Willandra Lakes Region	Not applicable  The direction does not apply to Inner West LGA.	Not applicable
3.9	Sydney Harbour Foreshores and Waterways Area	Not applicable The PP does not relate to land within the Foreshores and Waterways Area under the SEPP (Biodiversity and Conservation) 2021.	Not applicable
3.10	Water Catchment	Not applicable The direction does not apply to Inner West LGA.	Not applicable
Focus	area 4: Resilience ar	nd Hazards	
		The objectives of this direction are to:  a. ensure that development of flood prone land is consistent with the NSW Government's Flood Prone Land Policy and the principles of the Floodplain Development Manual 2005, and b. ensure that the provisions of an LEP that apply to flood prone land are commensurate with flood behaviour and includes consideration of the potential flood impacts both on and off the subject land.	
		Application This direction applies to all PPAs that are responsible for flood prone land when preparing a PP that creates, removes or alters a zone or a provision that affects flood prone land.  Direction 4.1  A PP must include provisions that give effect to and are consistent with:  a. the NSW Flood Prone Land Policy; b. the principles of the Floodplain Development Manual 2005 (FPDM 2005); c. the Considering flooding in land use planning guideline 2021; and d. any adopted flood study and/or floodplain risk management (FPRM) plan prepared in accordance with the	

No.	Title	Consistency with terms of direction	Consistency
		principles of the Floodplain Development	
		Manual 2005 and adopted by the	
		relevant council.	
		A PP must not rezone land within the flood	
		planning area from Recreation, Rural, Special	
		Purpose or Conservation Zones to a Residential,	
		Business, Industrial or Special Purpose Zones	
		A PP must not contain provisions that apply to the	
		flood planning area which:	
		i. permit development in floodway areas,	
		ii. permit development that will result in	
		significant flood impacts to other	
		properties,	
		iii. permit development for the purposes of	
		residential accommodation in high	
		hazard areas,	
		iv. permit a significant increase in the	
		development and/or dwelling density of	
		that land,	
		v. permit development for the purpose of	
		centre-based childcare facilities, hostels,	
		boarding houses, group homes, hospitals,	
		residential care facilities, respite day care	
		centres and seniors housing in areas	
		where the occupants of the development	
		cannot effectively evacuate,	
		vi. permit development to be carried out	
		without development consent except for	
		the purposes of exempt development or	
		agriculture. Dams, drainage canals, levees, still require development consent,	
		vii. are likely to result in a significantly	
		increased requirement for government	
		spending on emergency management	
		services, flood mitigation and emergency	
		response measures, which can include	
		but are not limited to the provision of	
		road infrastructure, flood mitigation	
		infrastructure and utilities, or	
		viii. permit hazardous industries or hazardous	
		storage establishments where hazardous	
		materials cannot be effectively	
		contained during the occurrence of a	
		flood event.	
		A PP must not contain provisions that apply to	
		A PP must not contain provisions that apply to areas between the flood planning area and	
		areas between the nood planning area and	

No.	Title	Consistency with terms of direction	Consistency
		probable maximum flood to which Special Flood	
		Considerations apply which:	
		a. permit development in floodway areas;	
		b. permit development that will result in	
		significant flood impacts to other	
		properties;	
		c. permit a significant increase in the	
		dwelling density of that land;	
		d. permit the development of centre-based	
		childcare facilities, hostels, boarding	
		houses, group homes, hospitals,	
		residential care facilities, respite day care	
		centres and seniors housing in areas	
		where the occupants of the development	
		cannot effectively evacuate;	
		e. are likely to affect the safe occupation of	
		and efficient evacuation of the lot; or	
		f. are likely to result in a significantly increased requirement for government	
		spending on emergency management	
		services, and flood mitigation and	
		emergency response measures, which	
		can include but not limited to road	
		infrastructure, flood mitigation	
		infrastructure and utilities.	
		mindel detaile and attitudes.	
		For the purposes of preparing a PP, the flood	
		planning area must be consistent with the	
		principles of the FPDM 2005 or as otherwise	
		determined by a FPRM Study or Plan adopted by	
		the relevant council.	
		Comment:	
		The PP affects a number of flood-prone sites in	
		the Inner West LGA. However, it seeks to introduce	
		a stricter control over built form on these sites, by	
		way of additional heritage protections. Therefore,	
		the PP is consistent with this Direction.	
4.2	Coastal	Not applicable:	Not applicable
	Management	This PP does not affect any land within the	
4.0	Diament (	coastal zone.	Not an P. C.
4.3	Planning for	Not applicable	Not applicable
	Bushfire	This PP does not affect any bushfire prone land.	
4.4	Protection	Not applicable	Not applied to
4.4	Remediation of	Not applicable	Not applicable
	Contaminated	The PP does not relate to contaminated land or	
4.5	Land	development types identified in this Direction.	Compietant
4.5	Acid Sulfate Soils	Objective The chiesting of this direction is to swell	Consistent
		The objective of this direction is to avoid	
		significant adverse environmental impacts from	

No.	Title	Consistency with terms of direction	Consistency
		the use of land that has a probability of	
		containing acid sulfate soils.	
		Application	
		This direction applies when a PPA prepares a PP	
		that will apply to land having a probability of	
		containing acid sulfate soils as shown on the Acid	
		Sulfate Soils Planning Maps.	
		Direction 4.5	
		The RPA must consider the Acid Sulfate Soils	
		Planning Guidelines adopted by the Secretary of	
		the DPE when preparing a PP that applies to any	
		land identified on the Acid Sulfate Soils Planning	
		Maps as having a probability of acid sulfate soils	
		being present.	
		When a PPA is preparing a PP to introduce	
		provisions to regulate works in acid sulfate soils,	
		those provisions must be consistent with:	
		a. the Acid Sulfate Soils Model LEP in the Acid	
		Sulfate Soils Planning Guidelines adopted	
		by the Secretary, or	
		b. such other provisions provided by the	
		Secretary that are consistent with the	
		Acid Sulfate Soils Planning Guidelines.	
		A PPA must not prepare a PP that proposes an	
		intensification of land uses on land identified as	
		having a probability of containing acid sulfate	
		soils on the Acid Sulfate Soils Planning Maps	
		unless the RPA has considered an acid sulfate	
		soils study assessing the appropriateness of the	
		change of land use given the presence of acid	
		sulfate soils.	
		The RPA must provide a copy of any such study to	
		the Secretary prior to undertaking community	
		consultation. Where provisions referred to above	
		have not been introduced and the RPA is	
		preparing a PP that proposes an intensification of	
		land uses on land identified as having a	
		probability of acid sulfate soils on the Acid Sulfate	
		Soils Planning Maps, the PP must contain	
		provisions consistent with the above.	
		Comment:	
		The PP affects a number of sites containing Class	
		5 acid sulfate soils. It does not seek to reduce the	

No.	Title	Consistency with terms of direction	Consistency
		total permissible density on the subject land, but	
		will change the level of scrutiny and assessment.	
		It is consistent with this Direction.	
4.6	Mine Subsidence	Not applicable	Not applicable
	and Unstable	This PP does not affect any land within a declared	
	Land	mine subsidence district.	
Focus o	area 5: Transport an	d Infrastructure	
5.1	Integrating Land	Objectives	Consistent
	Use and	The objective of this direction is to ensure that	
	Transport	urban structures, building forms, land use	
		locations, development designs, subdivision and	
		street layouts achieve the following planning	
		objectives:	
		a. improving access to housing, jobs and	
		services by walking, cycling and public	
		transport, and	
		b. increasing the choice of available	
		transport and reducing dependence on	
		cars, and	
		c. reducing travel demand including the	
		number of trips generated by	
		development and the distances travelled,	
		especially by car, and	
		d. supporting the efficient and viable	
		operation of public transport services, and	
		e. providing for the efficient movement of	
		freight.	
		neight.	
		Application	
		This direction applies when a PPA prepares a PP	
		that will create, alter or remove a zone or a	
		provision relating to urban land, including land	
		zoned for residential, business, industrial, village or	
		tourist purposes.	
		Direction 5.1	
		A Planning Proposal must locate zones for urban	
		purposes and include provisions that give effect	
		to and are consistent with the aims, objectives	
		and principles of Improving Transport Choice –	
		Guidelines for planning and development (DUAP	
		2001) and The Right Place for Business and	
		Services – Planning Policy (DUAP 2001)	
		(Guidelines).	
		Comment:	
		This PP is consistent with this Direction. It seeks to	
		introduce greater heritage protections across the	

No.	Title	Consistency with terms of direction	Consistency
		LGA and does not include any changes to zoning	
		or principal planning controls on the affected	
		sites.	
5.2	Reserving Land	Not applicable	Not applicable
	for Public	The PP does not include any proposal to reserve	
	Purposes	land for public purposes.	
5.3	Development	Objectives	Consistent
	near Regulated	The objectives of this direction are:	
	Airports and	a. to ensure the effective and safe	
	Defence Airfields	operation of regulated airports and	
		defence airfields,	
		b. to ensure that their operation is not	
		compromised by development that	
		constitutes an obstruction, hazard or	
		potential hazard to aircraft flying in the vicinity, and	
		c. to ensure development, if situated on	
		noise sensitive land, incorporates	
		appropriate mitigation measures so that	
		the development is not adversely	
		affected by aircraft noise.	
		Application	
		This direction applies when a relevant planning	
		authority prepares a planning proposal that will	
		create, alter or remove a zone or a provision	
		relating to land near a regulated airport which	
		includes a defence airfield.	
		Direction 5.3	
		In the preparation of a Planning Proposal that	
		sets controls for development of land near a core	
		regulated airport, the relevant planning authority	
		must:	
		a. consult with the Department of the	
		Commonwealth responsible for airports	
		and the lessee/operator of that airport;	
		b. for land affected by the prescribed	
		airspace (as defined in Regulation 6(1) of	
		the Airports (Protection of Airspace)	
		Regulation 1996, prepare appropriate	
		development standards, such as height controls.	
		c. not allow development types that are	
		incompatible with the current and future	
		operation of that airport.	
		d. obtain permission from that Department	
		of the Commonwealth, or their delegate,	
		where a planning proposal seeks to allow,	

No.	Title	Consistency with terms of direction	Consistency
		as permissible with consent, development that would constitute a controlled activity as defined in section 182 of the Airports Act 1996. This permission must be obtained prior to undertaking community consultation in satisfaction of section 57 of the Environmental Planning and Assessment Act 1979.	
		A planning proposal must include a provision to ensure that development meets Australian Standard 2021 – 2015, Acoustic – Aircraft Noise Intrusion – Building siting and construction with respect to interior noise levels, if the proposal seeks to rezone land:  a. for residential purposes or to increase residential densities in areas where the ANEF is between 20 and 25; or b. for hotels, motels, offices or public buildings where the ANEF is between 25 and 30; or c. for commercial or industrial purposes where the ANEF is above 30.	
		Comment: This PP is consistent with this Direction. It does not propose any increase in building height or allow any development types that are incompatible with the current and future operation of Sydney Airport. Further, the PP does not propose any rezoning or tangible increase in residential densities on land within ANEF 20+ contours.	
5.4	Shooting Ranges	Not applicable  The PP does not relate to land located on or adjoining an existing shooting range.	Not applicable
Focus	area 6: Housing		
6.1	Residential Zones	Objectives  The objectives of this direction are:  a. to encourage a variety and choice of housing types to provide for existing and future housing needs,  b. to make efficient use of existing infrastructure and services and ensure that new housing has appropriate access to infrastructure and services, and	Consistent

No.	Title	Consistency with terms of direction	Consistency
		c. to minimise the impact of residential	
		development on the environmental and	
		resource lands.	
		Application	
		This direction applies when a PPA prepares a PP	
		that will affect land within:	
		a. an existing or proposed residential zone	
		(including the alteration of any existing	
		residential zone boundary),	
		b. any other zone in which significant	
		residential development is permitted or	
		proposed to be permitted.	
		Direction 6.1	
		A PP must include provisions that encourage the	
		provision of housing that will:	
		a. broaden the choice of building types and	
		locations available in the housing market,	
		and	
		b. make more efficient use of existing	
		infrastructure and services, and	
		c. reduce the consumption of land for	
		housing and associated urban	
		development on the urban fringe, and	
		d. be of good design.	
		A PP must, in relation to land which this direction	
		applies:	
		a. contain a requirement that residential	
		development is not permitted until land is	
		adequately services (or arrangements	
		satisfactory to the council, or other	
		appropriate authority, have been made	
		to service it) and	
		b. not contain provisions which will reduce	
		the permissible residential density of	
		land.	
		Comment:	
		The PP proposes to introduce new heritage items	
		on residential-zoned properties. It does not seek	
		to reduce the total permissible residential density	
		on these properties, but will change the level of	
		scrutiny and assessment for residential uses.	
		Some proposed heritage items occur in	
		investigation areas identified in Inner West's LHS,	
		as outlined in the PP. The proposed heritage	
		changes are taken into account in these ongoing	

No.	Title	Consistency with terms of direction	Consistency
		investigations, without impeding Council's	
		delivery of actions in the LHS in relation to those	
		areas. The PP is consistent with this direction.	
6.2	Caravan Parks	Not applicable	Not applicable
	and	The direction is not relevant to this PP.	
	Manufactured		
	Home Estates		
Focus	area 7: Industry and	Employment	
7.1	Business and	Objectives	Consistent
	Industrial Zones	The objectives of this direction are:	
		a. encourage employment growth in	
		suitable locations,	
		b. protect employment land in employment	
		zones, and	
		c. support the viability of identified centres.	
		Application	
		This direction applies to all PPAs when preparing a	
		PP that will affect land within an existing or	
		proposed Employment zone (including the	
		alteration of any existing Employment zone	
		boundary).	
		,,,	
		Direction 7.1	
		A PP must:	
		a. give effect to the objectives of this	
		direction,	
		b. retain the areas and locations of	
		Employment zones,	
		c. not reduce the total potential floor space	
		area for employment uses and related	
		public services in Employment Zones,	
		d. not reduce the total potential floor space	
		area for industrial uses in E4, E5 and W4	
		zones, and	
		e. ensure that proposed employment areas	
		are in accordance with a strategy that is	
		approved by the Planning Secretary.	
		Comment:	
		The PP proposes to introduce a number of new	
		heritage items on employment-zoned properties.	
		It does not seek to reduce the total permissible	
		employment floor space on the subject	
		properties, but will change the level of scrutiny	
		and assessment for development. This does not	
		result in any inconsistency with this direction.	
7.2	Reduction in	Not applicable	Not applicable
	non-hosted	The direction is not relevant to this PP.
