This shows that your street can be closed safely.</i> • <i>Publishing your street party in a local newspaper for at least 28 days. (The papers have publication dates, so the adverts need to be ready to publish a week earlier)</i> • <i>Preparing a technical report to present to the Local Traffic Committee (this is a meeting where all works on roads in our LGA are discussed and go through the first stage of the authorisation process). The Committee usually meets on the first Monday of each month, Council Officers endeavor to get your street party application to the earliest LTC possible).</i> • <i>If supported at the LTC, your Application is then authorised by your Council at the next available council meeting - generally the fourth week of the month.</i> • <i>At the end of this process you will be contacted by a Council Officer</i>
