ADDRESS
ADDRESS

Dear Sir/ Madam,

Tillock Street, Haberfield - Improving the Footpaths in Your Street

Council is focusing on people and the places they live and is proposing to improve the footpaths in Tillock Street, Haberfield (between Crescent Street to Dobroyd Parade) by constructing new concrete footpath. Tillock Street is an inner-city street with some mature street trees providing great canopy cover. Planning for the natural environment and infrastructure, like streets and lanes, will take place concurrently so that Council can:

- help people move about easily
- create more attractive places for people to live
- contribute to a healthy environment through best practice water, tree, and biodiversity management
- coordinate works so there is less disruption within the street providing increased efficiency

The Plan

As part of the work, Council will:

- remove existing grass verge and provide a new concrete footpath (adjacent to No.9A Dobroyd Parade) to provide the missing footpath link between Dobroyd Parade and Tillock Street
- replace some damaged sections of existing concrete footpath with new concrete footpath on southern side of Tillock Street (adjacent to No.9A Dobroyd Parade)
- repair any damaged existing private stormwater lines leading from your property (between the front boundary and gutter) only if it is located within the area of work

For more details please refer to the enclosed plan.

Parking Changes

This proposal will not result in the loss of any on-street parking spaces, except during construction where some street parking may be affected temporarily.

Have Your Say

Should you wish to provide any comments regarding the plan or are interested in creating and maintaining a verge garden, please send the response by one of the following methods:

Email: council@innerwest.nsw.gov.au

Mail: Inner West Council, PO Box 14, Petersham, 2049

Please quote Council's reference Jonathan Weng on any written correspondence.

The last day to comment is Friday 29 October 2021.

When Is the Work Planned?

These works are expected to be built in the 2021/22 financial year subject to outcome of this community engagement, final approvals and budget allocation. At this stage, a firm construction date cannot be advised and residents will be further notified before any work starts in the street.

Further Information

For specific enquiries about this project, please contact Jonathan Weng on 9392 5139.

Yours Sincerely,

A handwritten signature in blue ink, appearing to be "J. Weng", enclosed within a light blue circular outline.
