

## Upcoming Road Infrastructure Works – Junction Road, Summer Hill (at Moonbie Street)

Dear Resident,

Inner West Council is planning to improve safety for pedestrians in Junction Road at Moonbie Street, Summer Hill by converting the existing semi raised pedestrian crossing to a fully compliant raised pedestrian crossing together with landscaped kerb blister islands. The proposal aims to improve pedestrian and motorist safety by better defining safe pedestrian crossing points, improving sight distances, reducing traffic speeds and conflicts with traffic movements at this location. The scope for works includes:

1. Construct a new raised concrete pedestrian crossing to replace the existing semi raised pedestrian crossing. New landscaped kerb blister islands with 'gutter bridge' crossings leading to a new raised concrete pedestrian crossing will also be provided both sides. Tactile indicators will be installed on both sides of the new raised pedestrian crossing.
2. Provide new stormwater drainage pits and pipes to improve stormwater drainage in the vicinity of the new raised pedestrian crossing.
3. Reconstruct some kerb and gutter with new concrete kerb & gutter.
4. Reconstruct two kerb ramps and some sections of the damaged concrete footpath with new concrete footpath.
5. Undertake some minor returfing works in the grass verge area to match new works.
6. Resurface the road pavement with new asphalt as shown in the plan.
7. Install signage and line marking associated with the works as required and where shown on Plans.

### Timing of work

The works will commence the week of 12 January 2026 and take approximately three weeks to complete (weather permitting).

### Reducing construction impacts

Access to properties will be maintained, however during construction, please do not park next to or near the works in progress.

Traffic Control will be used to maintain traffic and pedestrian flow around the site.

**Enquiries**

Council's contractor: State Civil  
Ali Ghacham  
0450 800 610

Council officer: Nick Poulos, Project Manager,
