Improving Stormwater Drainage in McCarthy Lane, Annandale

Council is planning drainage improvements at McCarthy Lane, Annandale to better manage stormwater in the area and replace old infrastructure.

The proposed works include:
- Constructing new kerb inlet pits and Junction pits
- Modifying existing pits.
- Laying new pipes between existing and proposed pits.
- Reconstructing kerb and gutter and footpath adjacent to proposed works

Please refer to the attached plan for details and extent of the proposed works.

Have your say
You can comment
- Online: e-mail your comments to council@innerwest.nsw.gov.au
- By mail: Inner West Council, PO Box 14, Petersham NSW 2049
- In person: submit your written comments to the Customer Service team at the Petersham Service Centre, or any of the other service centres.

The last day to comment is Tuesday 31st March 2020.

What happens next?
Council will consider any comments received before finalising the design plans for the proposed works.

When is the work planned?
The works are planned for next financial year depending on the outcome of the engagement process, funding allocations and approvals. Residents will be further notified before any works commence.
