

Widening of Booth Street across Johnston Creek, Annandale

Dear Resident,

I'm writing to let you know that Inner West Council in conjunction with the City of Sydney will soon be widening Booth Street across Johnston Creek, Annandale.

The purpose of the project is to create wider pedestrian footpaths, construct a bicycle path on the eastern side of the bridge, provide crash barriers for public safety and strengthen the base of the existing road structure. The bridge is jointly owned and managed by Inner West Council and the City of Sydney Council. The works are being managed by Inner West Council and jointly funded by both Councils.

Inner West Council is committed to delivering high quality, cost effective infrastructure and facilities for the community of the inner west.

Safe accessible bridges are a key priority for Council. It is important that our bridges are built to a high quality, to make sure that you are protected and future repair costs are minimised.

Inner West Council and the City of Sydney are jointly investing approximately \$2,100,000 to bring you this project

For more information on this project, including start date, duration, how the undertaking of the works might impact you, contact details of contractor and Inner West Council's officer, please see the reverse of this page.

Yours sincerely

Cr Darcy Byrne
Mayor
Inner West Council

INNER WEST COUNCIL

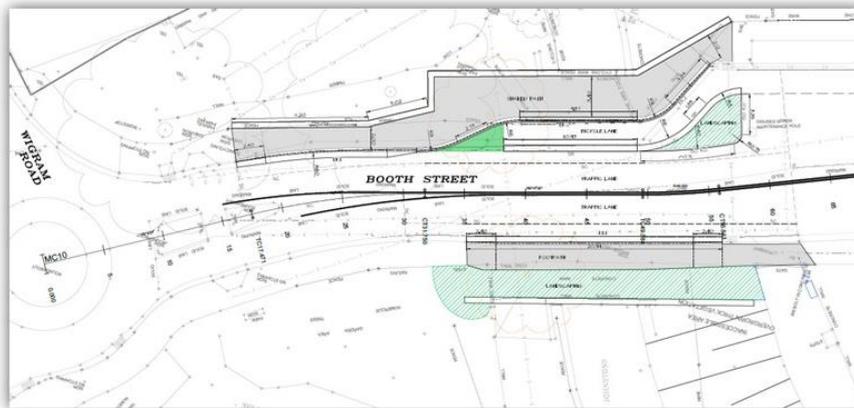

19 December 2019

To the Resident and Businesses

Widening of Booth Street across Johnston Creek, Annandale Commencing January 2020

Statewide Civil - Inner West Council's contractor - will begin works to upgrade Booth Street bridge across Johnston Creek, Annandale on Monday 13 January 2020 (**weather permitting**).

The purpose of the project is to create wider pedestrian footpaths, construct a bicycle path on the eastern side of the bridge, provide crash barriers for public safety and strengthen the base of the existing road structure. The bridge is jointly owned and managed by Inner West Council and the City of Sydney Council. The works are being managed by Inner West Council and jointly funded by both Councils.

The works are expected to be completed by October 2020, weather permitting, during which time there will be periodic disruption to traffic and pedestrian access across the bridge. All temporary traffic and pedestrian diversions and closures will be clearly notified and signposted.

All access to residential and business properties will be maintained throughout the works, however, as Badu Park is to be used as the contractor's site area, access will be temporarily restricted. **During construction, please do not park next to or near any of the works in progress.**

For any enquiries about these works, please contact Matthew Gapps from Statewide Civil on telephone 0415 959 825 or by email at matthew@statewidecivil.com.au. Alternatively, please feel free to contact Inner West Council's Project Manager, Christine Phillips on 9392 5644 between 8:30 am and 4:30 pm on weekdays.

Inner West Council appreciates your cooperation and apologises for any inconvenience caused.

Kind regards

Michael Craven | Coordinator Project Management Services
Inner West Council
