13 August 2020

Dear Sir/Madam

Donnelly Street, Balmain – Road, Footpath Upgrade Works & Speed Cushions
(Outside the properties 11 & 13 Donnelly Street)

Council is proposing to improve road safety by reconstructing existing kerb, gutters and footpaths as well as resurfacing the road in Donnelly Street, Balmain (generally outside Nos 11 & 13). The works will improve road and footpath conditions for pedestrians and motorists by replacing existing failed assets and will also slow traffic on both approaches to the existing road bend by providing two (2) asphalt speed cushions.

The proposed works include:

- **In Donnelly Street:**
  - Resetting existing sandstone kerb to new levels and constructing new concrete gutters to new levels on both sides of Donnelly Street;
  - Removing existing asphalt footpath and providing new asphalt footpath,
  - Resurfacing the road pavement with new asphalt surface,
  - Upgrading two (2) existing stormwater drainage pits to improve drainage in the road,
  - Repainting existing line markings and bike logos,
  - Providing new signage (including 4 new No Stopping signs) and replacing some existing damaged signs, where shown on the plan.

For more details please refer to the enclosed Plan No. 10135 which highlights the proposed scope of works to be undertaken.

**Parking changes:**

This proposal will NOT result in the loss of any legal on-street parking space in Donnelly Street.

**Have your say**

Should you wish to provide any comments on the plan, please send the response by one of the following methods:

Email: Mohammed.Haque@innerwest.nsw.gov.au
Mail: Inner West Council, PO Box 14, Petersham NSW 2049
In person: Customer Service Centre, 2-14 Fisher Street, Petersham NSW

Please quote Council’s reference Mohammed Haque in all correspondence to ensure your comments are received by the correct Council Officer.

Comments close 5pm on Friday 4 September 2020.
What happens next?

Council has not yet made any commitment to change the traffic arrangements in the street. A report, together with the community’s comments and this proposal, will be considered by Council’s Local Traffic Committee at its meeting on Tuesday, 6 October 2020. The Committee will make recommendations for Council to consider at the Council meeting on Tuesday, 27 October 2020. Council will notify everyone who provided comments of the final decision.

The LTC meeting agenda will be available to view on Council’s website in the week before the meeting at [www.innerwest.nsw.gov.au/council/meetings/committees/local-traffic-committee](http://www.innerwest.nsw.gov.au/council/meetings/committees/local-traffic-committee).

When is the work planned?

These works are expected to be undertaken during the 2020/2021 financial year, subject to the outcome of this community engagement, final approvals and budget allocations. However, a firm construction date is not yet available, and residents will be notified further of the actual construction date before any work starts in the street.

Further information

For specific enquiries about this project please contact me on 02 9392 5639 or alternatively email me your responses to Mohammed.Haque@innerwest.nsw.gov.au.

Yours sincerely
