ADDRESS
ADDRESS

Dear Sir/ Madam,

Booth Street, Annandale (at Annandale Street)
Proposed Speed Cushion Upgrades and Cycle Lane Improvements

Council has prepared a design plan to replace existing speed cushions and formalise dedicated bicycle lane with associated new kerb blisters in front of 135 Booth Street, Annandale. The intention of the proposal is to slow traffic and improve road safety for pedestrians, cyclists and motorists at the intersection.

The Plan

As part of the proposed works, Council will:

- remove 2 existing rubber speed cushions and install 2 new asphalt speed cushions at new locations as shown
- construct 2 new landscaped concrete kerb blisters
- install new dedicated bicycle lane with associated painted green surface treatment, pavement symbols and line markings where shown
- install associated signs and line markings

For more details please refer to the enclosed Plan No. 10143.

Parking Changes

This proposal will not result in the loss of any on-street parking spaces.

Have Your Say

Should you wish to provide any comments regarding the plan, please send the response by one of the following methods:

Email: council@innerwest.nsw.gov.au
Mail: Inner West Council, PO Box 14, Petersham, 2049

Please quote Council’s reference Jonathan Weng on any written correspondence. Comments close at 5pm on Friday 14 August 2020.
What Happens Next?

Council has not yet made any commitment to change the traffic arrangements in the street. A report, together with the community’s comments and this proposal, will be considered by Council’s Local Traffic Committee at its meeting on 7 September 2020. The Committee will make recommendations for Council to consider at the September Council meeting.

Council will notify everyone who provided comments of the final decision.

The LTC meeting agenda will be available to view on Council’s website in the week before the meeting at www.innerwest.nsw.gov.au/council/meetings/committees/local-traffic-committee.

When Is the Work Planned?

These works are expected to be built in the 2020/21 financial year subject to outcome of this community engagement, final approvals and budget allocation. At this stage, a firm construction date cannot be advised and residents will be further notified before any work starts in the street.

Further Information

For specific enquiries about this project, please contact Jonathan Weng on 9392 5139.

Yours Sincerely,

Jonathan Weng
