Dear Sir or Madam,

Improving Stormwater Drainage in Andreas Street, Petersham

Council is planning drainage improvements at Andreas Street, Petersham to better manage stormwater in the area and replace old infrastructure.

The proposed works include:

- Constructing new kerb inlet drainage pits
- Removing existing converter outlet and connecting stormwater to new kerb inlet pit
- Improving existing kerb inlet pits
- Constructing new DN375 and DN450 stormwater pipes

Please refer to the attached plan for details and extent of the proposed works.

Have your say
You can comment

- Online: e-mail your comments to council@innerwest.nsw.gov.au with reference number S0200-02
- By mail: Inner West Council, PO Box 14, Petersham NSW 2049 (please use reference number S0200-02
- In person: submit your written comments to the Customer Service team at the Petersham Service Centre, or any of the other service centres.

The last day to comment is Tuesday 17th September 2019.

What happens next?
Council will consider any comments received before finalising the design plans for the proposed works.

When is the work planned?
The works are planned for this financial year depending on the outcome of the engagement process, funding allocations and approvals. Residents will be further notified before any works commence.
