## Rozelle Town Centre Public Domain Master Plan

February 2023

INNER WEST

# Acknowledgement of Country

I'd like to begin by acknowledging the traditional custodians of the land, the Gadigal and Wangal people and their intrinsic connection to the land waterways.

We'd like to pay our respects to Elders past, present and future and acknowledge and welcome any Aboriginal people here today.

# Helping Rozelle to Recover

The Rozelle and Lilyfield communities and businesses have experienced ongoing disruption resulting from State Government mega projects.

Inner West Council has advocated for the NSW Government and Transport for NSW to prepare plans for the revitalisation of Victoria Road and Darling Street post-Westconnex construction.

It is integral that the community and businesses have their say. We are asking you to join us in developing a master plan for Victoria Road, Darling Street and nearby streets and public spaces that reflect the community's views.

# About the Project

Council is developing a **Public Domain Master Plan for Rozelle Town Centre**.

Aim is to create an inclusive and pedestrian-oriented village retail centre.

Want to:

- Create a **10-year vision** to guide public space improvement
- Create a more vibrant, accessible and connected Town Centre

Does not include consideration of any changes to planning controls.

Some opportunities include:

Bringing together both sides of Rozelle

Connecting with country

Celebrating diverse culture

Making streets greener

Supporting local business

Improving walking and cycling

# Project stages

The ideas and aspirations captured today along with insights from other community consultation will directly inform the development of the Rozelle Town Centre Public Domain Master Plan.

# Challenges: what we've been hearing from community

Issues / challenges identified by community include:

- Limited bike paths – creating conflict between pedestrians and cyclists or cyclists and cars
- Victoria Road is unhospitable to pedestrians - too much traffic and hard to cross
- Poor connection between East and West Rozelle
- West Rozelle feels neglected/left behind
- Parts of Rozelle are not accessible for people living with a disability
- Unsatisfactory lighting
- Lack of community programming and events
- Street beautification reflective of Rozelle's local character is needed along Victoria and Darling Street

INNER WEST
