6.55pm	<p><b>Public Transport Position Statement</b></p> <p>Council’s Integrated Transport Strategy “GOING PLACES” (2020) identified the need to develop a Public Transport Position Statement as a key action.</p> <p>This document would be used as both:</p> <ul style="list-style-type: none"><li>• a formally adopted Council statement to assist in advocating for public transport improvements that align with Council’s and the State’s proposed land use planning, public domain and community development initiatives; and</li><li>• informs Council’s various strategic planning proposals.</li></ul> <p>It would also have potential to assist in the consideration of larger planning proposals by private developers or the State.</p> <p>It is currently planned that the Position Statement will be prepared internally. The Committee’s advice is sought on the draft Project Description, Objectives and Outcomes, provided below, as well as any additional feedback members would like to provide to assist in preparation of the project scope.</p> <p><b>DRAFT Project Description</b></p> <p><i>To represent Council’s formal position regarding existing and likely future public transport provision in the Inner West LGA, with a view to informing future State Government decision making regarding public transport in the LGA.</i></p> <p><i>Additionally, this Position Statement will inform the development of other Council policies including its consideration of major development applications and State Government planning proposals.</i></p>

**DRAFT Project Objective**

*To provide an advocacy document and evidence base to encourage the State Government and Council to initiate measures which will increase public transport mode share through a more efficiently integrated network with revised services that cater for both existing and future population growth facilitating people replacing their private car trips with public (and active) transport trips.*

**DRAFT Project Outcomes**

- 1. Provide an overview of existing, and likely planned future, public transport provision in the Inner West LGA;*
- 2. Identify areas of future travel demand in the Inner West LGA;*

*Identify existing and potential future gaps in the LGA's public transport network with a view to providing input into State Government's and Council's public transport decision making, as well as informing Council's decision-making in relation to various other associated policies and major development applications/planning proposals.*
