LA0816 Item 4 – Ashfield Traffic Management Strategy

Motion: LOFTS / STOTT

THAT:

1. the Traffic Management Strategy dated 27/6/2016 for the (former) Ashfield LGA be supported in Principle with items listed in the Action Plan to be the subject of detailed investigation and further reporting through the Traffic Committee, where necessary, prior to implementation;
2. the 10 year Action Plan list be noted and updated annually or as required to allow new traffic management and road safety issues to be captured. The Action Plan to rank items utilising the scoring system identified in this report to prioritise measures for future implementation in line with available funding;
3. consideration be given to commissioning an engineer's report in relation to the proposed roundabout at the Croydon Road / Church Street intersection, noting the comments that were made on page 121 of the business paper;
4. it be noted that the 10 year strategy has a value in today's terms of \$2.5 - 3.4M and the current provision of \$40K per annum is inadequate if we are to make a difference. Other options be explored for additional funding to accelerate the traffic management strategy actions;
5. works in the Haberfield conservation area be referred to a heritage consultant for comment and be brought back to the Committee;
6. an alternate traffic consideration be made for the intersection of Meta, Hennessy and Young Streets (Item 51);
7. pedestrian access on Ramsay Street, at the newly located Post Office be investigated as a matter of priority; and
8. the request to install "Keep Clear" signage and line marking on Ramsay Street to support access out of Northcote Street be referred to RMS again particularly given the works associated with WestConnex (refer to page 88 of business paper).

CARRIED UNANIMOUSLY

The meeting concluded at 8.26pm.
