Home > Develop > Development applications > Track development applications (DAs)

## Track development applications (DAs)

Applications currently under Assessment or determined since 3 Feb 2020

Please note that Council is in the process of migrating all applications to our new online self service system.

In the meantime, for applications lodged and not determined prior to 24 January 2020, the earlier system will demonstrate documents and their progress only up to 24 January 2020. To view documents received after this date or to track their continued progress, please use Council's new online self-service website.

Read our [How to track a current DA](#) (412.3KB) and [How to view a determined DA](#) (693 KB) to help you migrate to the online self-service system.

## Online self-service

Welcome to our new online self-service website

[Enter as a guest](#)

Most users can complete simple tasks such as log a request for service, track DAs and make payments.

[Register for the first time](#)

Registered users can complete more detailed tasks like applying for parking permits and seeing rate payments due. See below for more tasks you can complete as a registered user. **Please note:** You must provide your full address details. Without a full address, you will not be registered.
