### **DECISION OF THE PANEL**

**The panel adjourned the decision of the matter at 3:05pm**

**The matter resumed at 3:17pm**

### **RECOMMENDATION:**

**That the Inner West Planning Panel advise Council to not support the planning proposal for the reasons as outlined below:**

- a) It fails the Strategic and Site Specific Merit Test of the Guidelines for preparing Planning Proposals pursuant to Section 3.33 of the Environmental Planning and Assessment Act 1979;
- b) It is inconsistent with the Greater Sydney Region Plan 2018 and the Eastern City District Plan 2018 in relation to retention of all industrial lands;
- c) Fails to give effect to Council's draft local Strategic Planning Statement;
- d) It is inconsistent with Council's draft Local Housing Strategy and draft Employment Lands and Retail Strategy and supporting studies;
- e) It is inconsistent with Inner West's Affordable Housing Policy (2016) for 15% affordable housing;
- f) It is inconsistent with Council's Community Strategic Plan - 'Our Inner West 2036';
- g) It is inconsistent with s.9.1 Local Planning Direction 1.1 - Business and Industrial Zones; 3.1 – Residential Zones; 3.4 – Integrating Land Use and Transport; 4.3 – Flood Prone Land; 6.3 – Site Specific Provisions; and 7.1 - Implementation of A Plan for Growing Sydney;

- h) Without a supporting Social Impact Assessment, there is inadequate information to assess whether the proposal has adequately identified or addressed relevant social matters;
- i) It is inconsistent with the Leichhardt Industrial Lands Study and Leichhardt Industrial Precinct Planning Report and would result in further loss of employment and urban services land in the Inner West LGA;
- j) The proposed built form controls and building typology is inappropriate due to adverse amenity impacts on the adjoining low density residential area;
- k) Support of this Planning Proposal would establish an adverse precedent and the associated loss of smaller, industrial precincts across the Inner West LGA;
- l) In the context of persistent demand for a limited and decreasing supply of industrial land, the proposal would dilute Council's ability to provide sufficient industrial land to accommodate future needs and emerging employment uses and urban services.

**The decision of the panel was unanimous.**
