

## Update on works and temporary closures

### Returfing of Lewisham West dog off leash area

Inner West Council is continuing turf replacement works at the Lewisham West dog off leash area, as part of our regular park maintenance program.

To minimise disruption and reduce dust from exposed ground, the project is being delivered in two stages. The high-use southern section is nearing completion, and we are now progressing to the northern section.

#### When will this work take place and how will it impact me?

- **Temporary full closures – Monday 23 to Friday 27 February, 7am to 4pm**

The entire dog off leash area will be closed from 7am to 4pm for up to five days from Monday 23 to Friday 27 February 2026 (weather permitting), to allow safe access for construction vehicles during stage two of the turf installation.

This means the southern half of the dog off leash area will be open for community access outside these hours.

- **Partial closure – northern section**

After the new turf is installed, the northern half of the park will remain closed to allow the grass to establish.

The northern half is expected to reopen in late May 2026.

- **Southern section – reopening**

The southern half of the dog off leash area, which was upgraded during stage one works, will reopen to the community on Friday 27 February 2026 from 4pm (weather permitting).

We appreciate your patience whilst we deliver these important maintenance works.

## Alternative dog off leash areas

There are several dog off leash areas available nearby for use during this time.

Nearby dog off leash areas:

- Petersham Park – Petersham
- Morton Park – Lewisham
- Johnson Park – Dulwich Hill
