Dreaming with eyes open

Dream with your eyes open and write a short story about your wildest daydream.

My Seaside Walk

I can dream with my eyes open,

Most times it works, I'm hop'ng.

I can magic myself somewhere,

Somewhere I'm about to share.

(222222)

- I step outside

to the blue ocean tide.

My toes land

* In the warm yellow sand.

The white frothy waves

Carving rocks and caves.

Washing in ocean creatures.

Orange, purple and silver treasures.

- In the sky the clouds stop

That's when the blue rain drops,

Behind the clouds the sun starts to show

Bringing along a bright beautiful rainbow.

(Awake)

Behold! I went to Bondi,

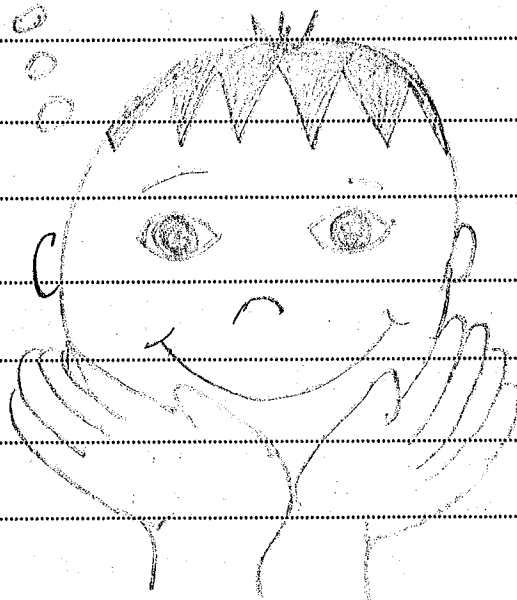

Didn't say, but I had fish

And fries.

With my eyes still wide apart

I slowly drift to Lunar Park

Marans in the
classroom. Ha! Ha!
