Dreaming with eyes open

Dream with your eyes open and write a short story about your wildest daydream.

One dark mysterious day I was on the couch enjoying being home alone, inhaling icecream and watching my favorite movie. In a blink of an eye the TV stopped playing, I started panicking and suddenly the lights started flicking and my eyes were starting to get blurry.

and finally all the flickering stopped but I wasn't where I was before. I was in a dark, quiet hallway. I said hello but I heard nothing but the echo of my voice. I ~~then~~ ^{then} heard a long growl. I was now having a mini panic attack. The growl got louder and louder. I then heard footsteps ROAR! a massive shadowy like figure approach me. I started running but it was too late. His cold massive hand snatched me. I tried to squeeze out but ~~it was too~~ ^{it was too} tight. I then saw the shadowy man's face. His nostrils were as big as a tree trunk. He then breathed on me. I heard my nose

then he breathed on me but it didn't smell i didn't
even feel anything was i daydreaming? it felt
so real! he looked at me within a second i ate me.
I opened eyes i was on the couch in my living room
and i realized i was day dreaming! i was relieved
i thought it was real well next it happens again
i'll know.
