# Cycling Action Plan

All costs identified are estimates only and must not be relied on for the purposes of quoting, budgeting or construction. The costs are intended as a strategic guide only and further work is required to determine project scopes and costs. The Cycling Action Plan and cycling network map are subject to periodic review whereby initiatives and costs can be assessed in alignment with the Community Strategic Plan, Delivery Program and Operational Plan and Budget.

## Infrastructure initiatives

Action – Description	Approximate cost estimate	Estimated timeframe
