

Writing competition

Reading is magic and can transport you to amazing and curious places.

Write a short story about a wonderful and magical place.

Once there was a beautiful place called Dallen Valley. It was named after the great Dallen flower that grew there. The flower kept the town happy and alive. No thieves could steal from them because of flower Dallens power.

But one day the people noticed the power was getting weaker! After a few days they figured out Dalliens were taking the petals for themselves! The next week robbers came and stole the flower. The news went around quickly.

A village decided to help by sending knights out to find the flower. When they got back they took the robbers to jail and returned the flower.
