Subject: Inner West Council – Statement of Vision and Priorities

Prepared by: Joe Banno
Acting Team Leader, Community Planning and Development

SUMMARY

Council has developed a Draft Statement of Vision and Priorities that sets out the strategic priorities that will provide high level guidance to Council until the development of a Community Strategic Plan for the Inner West.

The Draft Statement of Vision and Priorities was developed over a three month period in 2016 in close consultation with the Inner West community and Council staff.

RECOMMENDATION:

1. That the Young Leaders Reference Group note the Inner West Council Draft Statement of Vision and Priorities.
 2. That the Young Leaders Reference Group actively engage with the community consultation processes for the development of a Community Strategic Plan for the Inner West.
-

Background

The NSW Department of Premier and Cabinet requires all newly amalgamated Councils to prepare a statement of vision and priorities. This was required of Inner West Council by the end of December 2016.

Council has developed the Draft Statement of Vision and Priorities setting out the strategic priorities that will provide high level guidance to Council until the development of a Community Strategic Plan for the Inner West. A copy of the Draft Statement of Vision and Priorities is included as Attachment 1 to this report.

The Draft Statement of Vision and Priorities was developed over a three month period in 2016 in close consultation with the Inner West community and Council staff, including a focus group with young people at Leichhardt Town Hall.

The Vision:

We are Inner West, land of the Gadigal and Wangal peoples, whose rich cultures, heritage and history we acknowledge and respect. Together we are an inclusive, passionate, creative, vibrant community united in our desire to build a great future for all who live and do business here.

There are eight priorities:

1. Planning and Development
2. Transport
3. Social Vitality, Creativity and Quality of Life
4. Sustainability and Environment
5. One Council

6. Local Business and Industry
7. Advocacy; Representing Our Community
8. Local Democracy

The Statement of Vision and Priorities is considered the first step, or foundation piece, in the development of a Community Strategic Plan for the Inner West. The priorities will be further explored as part of an issues paper and community engagement program informing the Community Strategic Plan that will commence early in 2017.

The Draft Statement of Vision and Priorities has been on public exhibition and open for community feedback. The last day to provide feedback is Wednesday 8 February 2017. Information has been included on www.yoursayinnerwest.com.au

Members of the Young Leaders Reference Group were provided with a copy of the Draft Statement of Vision and Priorities in December 2016 and encouraged to provide feedback.

Financial Implications

The Inner West Council Operational Plan and Budget 2017/18 will factor in any specific programs and projects that support implementation of the priorities.

The current Inner West Council Operational Plan and Budget 2016/17 supports many of the priorities as they remain largely reflective of the outcomes outlined in the community strategic plans, and therefore delivery programs, of the former Councils.

Conclusion

Early in 2017, Council will commence a broad program of engagement with the community and with staff to develop the Inner West's first Community Strategic Plan. The first draft Community Strategic Plan will be prepared for the consideration of the newly elected Council by September 2017. The Statement of Vision and Priorities is a first step in the development of the Community Strategic Plan and will provide direction to Council in the meantime. It will also serve to inform the Inner West Council Operational Plan 2017/18.

Subject: Inner West Council – Draft Inclusion Action Plan

Prepared by: Erla Ronan
Group Manager, Community Services and Culture

SUMMARY

A draft Inclusion Action Plan (IAP) has been prepared by Inner West Council to meet State Government requirements.

RECOMMENDATION:

1. That the Young Leaders Reference Group note this report, provide feedback on the Draft Inclusion Action Plan (IAP) during the public exhibition period and refer to it in addressing their work.
-

Background

The Draft Inner West Council Inclusion Action Plan 2017-2021 (IAP) outlines Council's commitment to respecting the rights and improving opportunities for people with a disability of all ages, to participate fully in community life.

Council has a legislative requirement under the NSW Disability Inclusion Act 2014 to complete a disability inclusion planning process and have an Inclusion Action Plan (IAP) in place by 1 July 2017.

The Draft IAP is based on extensive review and merging of actions in existing plans, including the former Marrickville Inclusion Access Plan, the former Leichhardt Access Plan and acknowledgment of the former Ashfield Access Committee actions. Further to this, Local Government NSW guidelines for merged Councils developing access plans have been followed.

Inclusion happens when every person who wishes to (irrespective of age, disability, gender, religion, sexual preference or cultural heritage) can access and participate fully in all aspects of an activity or service in the same way as any other member of the community.

The IAP is a whole of Council plan with actions across the range of activities of Council, community and partners; it is core business. It requires going the next step beyond a removal of barriers. Previous action planning focussed on addressing discrimination based on disability and responding to systemic disadvantage as a consequence of a disability. Current legislation and practice recognises that this, while still necessary, is only a foundation part of the wider issues people face. Inclusion planning means that agencies need to be proactive in creating the opportunities that facilitate inclusion, while ensuring their business considers and accommodates everyone.

How the Young Leaders Reference Group can be involved:

- Be aware of and promote the plan and its principles
- Note that the plan is underpinned by the social model of disability and the United Nations Convention on the Rights of Persons with Disabilities (UNCRPD) which are the rights based benchmarks for any activity that may involve a person with a disability
- Refer to the plan on any matters they address that may have a relationship with or impact on people with a disability and their families

- Engage in the consultation process through the avenues below.

There will be several ways in which members of the Young Leaders Reference Group can provide feedback:

- Feedback through Your Say Inner West during the exhibition (dates to be notified)
- Attend a staffed display at either Ashfield, Leichhardt or Petersham
- Attend a community workshop.

Section 1 of the Draft IAP will be of particular relevance to the Young Leaders Reference Group. Actions include:

- 1.2.6 – Partner with disability service providers, young people with a disability and the Inner West Youth Alliance to build accessibility and inclusion into Youth Week program and events.
- 1.2.7 – Work with the Young Leaders Reference Group to encourage the inclusion of young people with disabilities in activities for young people to: broadening membership to include young people with a disability; support the expression of concerns and interests of young people with a disability, within a formally recognised and youth-focused forum; highlight within Council the needs of young people with a disability; promote inclusive practice.

Financial Implications

The vast majority of actions outlined in the IAP will be accommodated in operational budgets. Council's leadership team have been advised of areas where additional resources are required. Some initiatives have been listed in the Draft IAP where resources required are not yet determined. Please note this is for consultation purposes to enable Council to scope further work with community input in order to source funds from a variety of sources.

Conclusion

The IAP positions Council well to respond to state, federal and international obligations and provides direction to all Council undertakings and initiatives.

**Draft Inclusion Action Plan for
People with a Disability
2017-2021
Summary**

Draft Inclusion Action Plan for People with a Disability 2017-2121

The Inner West Council Inclusion Action Plan (for People with a Disability) 2017-2121 (IAP) outlines Council's commitment to respecting the rights and improving opportunities for people with a disability of all ages, to participate fully in community life.

The IAP also meets Council's obligations under the Disability Inclusion Act, 2014 (NSW) and other similar instruments that identify its role in reducing discrimination and improving participation opportunities for people with a disability. Council has a legislative requirement under the NSW Disability Inclusion Act 2014 (DIA) to complete a disability inclusion planning process and have an Inclusion Action Plan (IAP) in place by 1 July 2017. Following Council merges, staff from each of the former Council areas (Ashfield, Leichhardt and Marrickville) merged actions from existing Council access plans into this plan. The opportunity was also taken to revise actions that needed updating or that could be extended to facilitate best practice access and inclusion outcomes.

Definition of Inclusion

Inclusion happens when every person who wishes to (irrespective of age, disability, gender, religion, sexual preference or cultural heritage) can access and participate fully in all aspects of an activity or service in the same way as any other member of the community.

Dimensions of inclusion include: ⁱ

- being heard and valued
- meaningful participation
- connection and belonging
- opportunity to access supports
- choice and control in your life

Inclusion is not about helping others to access the society we have. It's about changing the society we have. Inclusion is about making society mean *everyone*.

Barriers to Inclusion

Barriers to inclusion happen when we fail to think of the *universal* as meaning *everyone*, and this results in...

Sometimes, barriers are created by the way we work. We need to change how we work.

Beyond Removing Barriers — Towards Building Inclusion

Inclusion is about going the next step beyond a removal of the barriers. Previous action planning focussed on addressing discrimination based on disability and responding to systemic disadvantage as a consequence of a disability. Current legislation and practice recognises that this, while still necessary, is only a foundation part of the wider issues people face. Inclusion planning means that agencies need to be proactive in creating the opportunities that facilitate inclusion, while ensuring their business considers and accommodates everyone.
