I/We declare that the land is: - (Please indicate the relevant paragraph below)

(a) A parcel of land on which there is a single dwelling house used or occupied as such and which is zoned or otherwise designated for use under an environment planning instrument for the purposes of industry, commerce or the erection of residential flat buildings, not being land referred to in paragraph (b) or (c)

Or

(b) A parcel of land (which may comprise one (1) or more lots or portions in a current plan) on which there is a single dwelling house used or occupied as such and which is zoned or otherwise designated under an environment planning instrument so as to permit its subdivision for residential purposes, not being land referred to in paragraph (c)

Or

(c) A parcel of rural land (which may comprise of one (1) or more lots or portions in a current plan) on which there is a single dwelling house used or occupied as such and which is zoned or otherwise designated under an environment planning instrument so as to permit its use otherwise than as rural land, or its subdivision into two (2) or more lots or portions, one (1) or more of which has an area of less than forty (40) hectares.

Please Note: That the entitlement to postponement ceases if the whole of the land usage changes. If only part of the land usage changes in circumstances, a redetermination must be made, if a new land valuation is issued or if the property is sold at which time five years of postponed rates and interest become due and payable,

The postponement determination will be made by the Valuer Generals Office.
