Council operates a Resident Parking Permit Scheme as per the conditions contained in the Resident Parking Permit Scheme Policy (a copy of which can be found on Council's website). The main policy conditions of use and eligibility are summarised below:

#### Conditions of Use

1. A Parking Permit exempts the bearer from time restricted parking only where parking is signposted "**Permit Holders Exempted**", and only in the parking area to which the permit applies.
2. To be valid, permits must be permanently affixed to the inside of the bottom passenger side of the car's front windscreen (for motorcycles the permit should be affixed in a prominent location on the fuel tank).
3. Permit holders must park in accordance with the Australian Road Rules.
4. Once a permit is issued, any fees paid cannot be refunded.
5. Alteration or misuse of the permit is an offence and will result in the cancellation of the permit.
6. Permits remain the property of Inner West Council at all times.
7. Permits cannot be sold, transferred or allocated to another person.
8. If permits are lost, replacement permits will only be issued upon completion of a new application and subject to payment of the replacement permit fee.

#### Conditions of Eligibility

1. Permits are only issued to residents who reside at the property and who live in a residential parking area.  
The property must be addressed to the street having parking permit restrictions.
2. The following types of properties are not eligible for Resident Parking Permits:
  - Nursing Homes.
  - Hospitals.
  - Seniors Housing.
  - Residential Care facilities.
  - Commercial Properties/buildings.
  - Secondary dwellings (granny flats).
3. Parking permits will not be available for the following:
  - Visitors.
  - Tradespeople.
  - Non-resident vehicle owners.
  - A leased property on a short term lease (under 6 months).
4. Units or townhouses that received Development Approval after 30 June 1997 are not eligible for resident parking permits.
6. Boarding houses will be treated as a single household (i.e. eligible for a maximum of two permits subject to off-street parking availability) and not considered on the basis of the number of bedrooms.
7. Not all residents living in a residential parking area will qualify for a permit due to development conditions or due to the amount of off-street parking at the residence
8. There is a maximum of two residential parking permits issued per household. This number of permits reduces by one for every off-street parking space available at the property.
 

• No off-street parking spaces.	- eligible for two permits
• One off-street parking space (and two or more registered vehicles).	- eligible for one permit
• One off-street parking space (and one registered vehicle).	- not eligible for a permit
• Two or more off-street parking spaces.	- not eligible for a permit
9. Permits for interstate registered vehicles will not be issued.
10. Permits shall only be issued for cars and motor-cycles.
11. Trucks over 3 tons GVM as well as boats, caravans and trailers are not eligible for a permit.
12. For the purpose of assessing permit eligibility, off-street parking is defined as an area, on the property dedicated for, or originally built for the purpose of parking of a motor vehicle. To be counted as an off-street parking space, the size and location of the parking space is to generally comply with the Inner West Council DCP requirements and the Australian Standards. For practical purposes an off-street carparking space is defined as a parking space upon which it is possible to reasonably park a standard car. (e.g. Commodore or Camry). Tandem parking (one car behind another) will be counted as parking for two or more vehicles.
13. In order to receive a permit the vehicle must be registered in the applicant's name and registered to a residential property address within a resident parking zone OR, if the vehicle is a company car, a letter from the company on company letterhead authorising private use of the vehicle is required before a permit can be issued.
14. If the property is leased, a residential tenancy agreement must be provided.
15. Should a resident be dissatisfied with Council's determination of their application they may request a review in accordance with the review process outlined in the Resident Parking Permit Scheme Policy.
