The cheesy Adventure

"Mum, can I have ice-cream for dinner?" said crystal. "No" said Mum, where having pumpkin soup. No, I'd rather have brocolies and peas. ok I guess we can, here I'll make you a deal ok Mum I will eat 1 single brocolie and 1 single pea and a whole bowl of ice-cream. No not today, sorry hun. ok then I'm not having anything. It is exactly 7:16 at night and I havent eaten anything not even a single pea. I sit on the cold tiled floor as I read a book, my tummy rumbles my feet shiver. I'm so hungry that I dont even feel like reading a book about puppies. So I grab my book about cheese and start to read, as I read I get closer and closer into the ~~the~~ book and before you know it I was in cheese land!

As I enter cheese land I meet cheese Queen and cheese king who greet me with a cheese platter, as I stare into the distance I see cheesemillion of people. HOLLY! I found holly. holly is my best friend that hasent come to school in ages. And now I know why, she's stuck in cheese land. I run to cheese Queen and ask her why we are stuck here. And she said she needed help finding

The Golden cheese, so me and holly told her we will help if she would let us go after, and she agreed.

So we headed to work to find the Golden cheese^{which}, she said she lost it while finding cheese for the cheese platter. As we walk along the cheese bridge we eat a bit of every cheese moon cheese, cream cheese and even goat cheese the cold cheesy goodness melts in my mouth, imagine a piece of Golden cheese, that needs to be saved by two 9 year old girls displayed at the top of Mount cheese, well that is what is ~~g~~ to happen. After 10 minutes which felt like a hour I felt like giving up but then I realised if we don't find it, Me and holly will be stuck in cheese land forever..... then I saw cheese king holding a Map, which looked to me like a piece of very long howly cheese.

I ask cheese king if I could borrow the ~~map~~ map of cheese land so that I could see the way to the cheese kitchen, then I can follow it and hopefully find the golden cheese. On our way we saw blue cheese, which holly saved in her pocket, and a really stinky cheese that, umm now one got. But then I saw something shiny up ahead it was the GOLDEN CHEESE! I was so happy we found it! We rushed straight back to Queen cheese, and she was so proud, she let us go back home. "Mum" guess what I went to cheese land, so can I please have ice-cream now. Please I really don't want to have brocolies and peas, hun where not where having spaghetti and cheese on top. NO! why, I don't want to get stuck in cheese land again, ok.

The End! Hope you enjoyed reading about The cheesy Adventure. Next time you see golden cheese keep it, you never no one day you might end up in cheese land!
