Have you ever wondered what it will be like to find a place where you can know what happened many years ago? Well, in this story you are going to see many different places. Once upon a time there were three children that just moved to London, with their family. The kids names were Georgia, Simon and Clare, the small one. They are living on a old mansion. There were a lot of rooms. And the kids were very curious. "Hey Georgia, look what I found!" yelled Simon via the kitchen. "What did you find?" asked Georgia placing a fry pan on the table. "Look, this are some family pictures, of the people that lived here before us" said Simon looking at the pictures. Simon was going to say something but, Georgia interrupted him "Simon where's Clare?" asked Georgia looking everywhere. "She was supposed to be with you!" exclaimed Simon desperately. The two kids looked in all the rooms, but they couldn't find her yet. Meanwhile Clare was at a giant library full of books and spiderwebs. "I wonder what books I can read" Clare thought out loud. She read the subjects of the book "Science, Drama, Action..." "Oh, adventure.

That looks fun!" said Clare taking one of the books. When she opened the first page, there was a loud thump. The sound was so loud that Georgio and Simon heard it.

"I think she might be here" said Simon opening the door. When the two kids went inside Clare just read the first word and then... they got sucked into the book! by a magic portal.

"II AAAAAAAA!!" screamed the three kids. They were inside the book.

everytime when Clare moved a page from the book they had a new adventure when the book finished the kids reappeared in the library. "Kids, we were looking for you, where have you been?" asked their mom.

"Well, you wouldn't believe us even if we told you." said the kids
