

◆ THE ◆ EMERALD ◆ STONE ◆

Once there were three children who lived in an orphanage. They were treated very badly, though all the other children were getting adopted. They three children were all siblings but very different. Evie the youngest was only two though was very smart for her age ~~for~~ she could all ready read. Freya the middle child was a book nerd in a year and a half she had ~~red~~ read all the books in the library. Fern the oldest and kindest was also very responsible and caring ~~showed~~ ^{showed} up for her and her sibling mistakes at the orphanage. Now ~~the~~ the person who owned the orphanage was known as THE BOSS. When the boss came in and yelled lights off they had a mysterious plan to escape in there heads. At the dead of night they had left the window unlocked. So when everyone was asleep they opened the window climbed onto the tree next to it and closed the window. Now they new that the boss was ~~the~~ ^{would} wonder where they were so the day before they set up a fake adoption ~~and~~ and it had to happen at night. While they freely walked along the streets they saw something glow it was an emerald. Freya went down to touch it and she did but then she realised her library books were scattered on the floor since she chucked them out the window. She darted to ~~the~~ her ~~book's~~ books but Fern and Evie noticed ~~some~~ something as she darted she ran at the speed of light. All of a sudden Fern tripped ~~toucher~~ she touched the EMERALD too but was hovering over the surface. Then

Evie fell in the same spot touched
the Emerald and was in a different
spot! Whoa what just happend? Said
Fern. We have powers said Freya and Evie.
Fern you have flight Evie you have
teleportation and I have super speed!
Said Freya the emerald must have given
them to us! Cool said Evie. THE NEXT DAY
The Boss came to town! She knew it was a fake
adoption all along somehow! The three saw
her in suprise but they knew what
to do. Evie teleported behind her while
the others distracted her and Evie rapped
rope around her and they defeted her
and the kids at the orphanage
got good homes and so did they.
