

Landfill

Plastic bags and soft plastics

Tissues and paper towel

Broken ceramics and drinking glass

Nappies and sanitary items

Textiles

Broken household items

No food

Landfill should be a last resort. Discover other reuse and recycling options with the A-Z guide

innerwest.nsw.gov.au/ATOZWaste

Unwanted bulky items?

Most household items go straight to landfill. Try the alternatives first:

- ▶ Repair it
- ▶ The Bower
- ▶ Op shops
- ▶ On-line buy/sell sites

As a last resort, book a collection for:

- ▶ Household items and furniture
- ▶ Branches (bundled)
- ▶ Metal and whitegoods
- ▶ Mattresses

Meat, fish
and bones

Dairy and
eggs

Bread, cereals,
rice and pasta

Leftovers and
plate scrapings

No packaging or liquids

Apartment Buildings

Council offers a food recycling service in apartments.

You can now place food and garden organics in the burgundy and green lid bins.

Materials from both burgundy and green lid bins are emptied into the same truck to be composted at the same facility.

If your apartment does not have a food recycling option, scan the QR code or visit the website to register.
