The colourful change

I woke up and everything was talking. I thought it was a dream, but it wasn't. Colourful books, chairs, walls and tables were all talking and acting playful.

Suddenly, a colourful book hopped towards me and I started to crawl backwards until I hit my back on the wall. I thought it was going to hurt me, but the book was very kind.

Next, I saw two multi-coloured beds chatting and I also saw a blush pink squishy toy doing gymnastics. After that, I zoomed to my living room and stood in shock. "Why am I watching a TV talk to a couch?"

Next, I saw a huge strawberry that grew bigger every second. Yum! I walked to the window and saw raining rainbow skittles. I blinked and saw the whole room turn into coloured walls with candy everywhere and cute plushies too!

I was shocked. A button suddenly appeared so I pressed it and it all went back to normal. I continued my day like nothing ever happened but knew that I had a secret button to change my world whenever I wanted.
