4.3 **Suzy Carter**

- 4.3.1 Callan Park is currently undertaking a Plan of Management survey and reviewing community input. The Greenway Forum would like to recommend that a large community space be left available in the Kirkbride complex, to facilitate local art exhibitions, music performances, festival talks etc. Finding, for example, ongoing space in the Inner West, suitable to hold the Greenway Art Exhibition has proven difficult. Inner West Council has generously sponsored the event for 2025. The Council did, however, struggle to find a large, suitable exhibition space near the GreenWay. Callan Park's setting and historic buildings would be an ideal home for this and many other community events into the future.

4.4 **Bruce Ashley**

- 4.4.1 "Weed free by '33" vision for the GreenWay. There is a Forum consensus re overall direction on this. Paper outlining scope/background to be distributed prior to meeting. Plus, update on weeding/planting site at Lewisham West and Arlington LR.
- 4.4.2 Absence of any GreenWay-branded wayfinding signage. Update on this.

- 4.4.3 Celebration of trail opening by having a bike ride along the full length of the corridor, possibly Sunday 16 December
