Aboriginal and Torres Strait Islander Statement

We the residents of the Inner West acknowledge Aboriginal and Torres Strait Islander peoples as the First peoples of this land.

We greet the living members of the oldest living continuous culture on earth and celebrate their wisdom and special connections to the lands, sky, and waterways.

We acknowledge all Aboriginal and Torres Strait Islander peoples of Australia, especially the Gadigal and Wangal peoples of the Sydney Basin who are the Traditional Custodians of the lands in which the Inner West Council is situated.

Section 1: Introduction

How to read this plan

The Inner West community's vision and aspirations for the future are outlined in the Community Strategic Plan – Our Inner West 2041.

Our Inner West 2041 has:

5 strategic directions

key themes of community priorities

18 outcomes

what we want to achieve by 2041

45 strategies

the high level actions to be undertaken by Council and its many partners

The Delivery Program and Operational Plan (this document) contains Council's commitment to delivering on the Community Strategic Plan goals.

Section 2 outlines principal activities and specific annual actions that Council will deliver. The principal activities and actions are arranged under the strategic directions, outcome and strategies of the Community Strategic Plan.

It also contains measures to monitor progress to the community through quarterly and annual reports.

Section 3 contains the annual Statement of Revenue Policy which includes:

- a detailed estimate of income and expenditure, including a breakdown for each of Council's 40 services
- rates, fees and charges
- the pricing methodology
- borrowings

Integration between the Plans

How our plans integrate

The Integrated Planning and Reporting (IP&R) Framework allows Council to bring all its plans and strategies together so that there is a clear vision and an agreed roadmap for delivering on the community's priorities and aspirations.

It requires a long-term approach to planning and decision-making. It emphasises Council's responsibility to deliver and report back to the community on its progress.

Community Strategic Plan (10 years +)

The Community Strategic Plan (CSP) is the highest-level plan and reviewed at the start of each new Council term. It identifies the community's main priorities for the future and how they can be achieved and measured. It sets the direction for all of Council's activities.

Delivery Program (4 years)

The Delivery Program (DP) covers the term of an elected Council. It is a commitment by each new Council on what they will prioritise during their term to achieve the community's vision, directions, outcomes and strategies.

Operational Plan (1 year)

The Operational Plan (OP) outlines the actions Council will take during the year to achieve the DP principal activities under each strategic direction and how these actions will be funded. Council's service units are responsible for delivering on each action and key performance indicator in the OP and reporting on progress quarterly to Council.

Resourcing Strategy

The Resourcing Strategy details how over the next ten years, Council will fund and resource the directions, outcomes and strategies in the CSP. This is reviewed at the start of each Council term and comprises:

- **Long-Term Financial Plan (LTFP)** is a 10-year rolling plan that informs Council's decision-making and shows how the CSP, and commitments in the DP and OP will be resourced and funded. The LTFP also provides the financial implications of Council's asset management and workforce planning by identifying how additional assets will be funded, or existing assets renewed or upgraded, and changes to service levels.
- **Workforce Management Strategy (WMS)** is a 4-year strategy that shapes the capacity and capability of the workforce to achieve Council's directions, outcomes and strategies. It identifies how future staffing, and skills requirements will be met through recruitment, staff progression and development, and succession planning.
- **Asset Management Strategy & Plans (AMS)** is a 10 year strategy with asset plans that provides planning for assets such as roads, stormwater systems, footpaths, buildings, recreational facilities, parks, and gardens. It also considers information on community service levels.

About the Inner West

Inner West local government area (LGA) has an estimated resident population of nearly 190,000 people and spans 36km² from the banks of the Parramatta River at Birchgrove in the north east, to the Cooks River at Dulwich Hill in the south west. The Gadigal and Wangal Peoples of the Eora Nation are the traditional custodians of the Inner West LGA. It is a unique area with a special beauty that comes from natural and built environments, and a rich cultural heritage. The people of the Inner West take great pride in their community and have a strong Inner West identity.

Inner West Council was formed in 2016 by the NSW Government which amalgamated Ashfield, Leichhardt and Marrickville Councils. Today, the Inner West LGA includes the suburbs of Annandale, Ashfield, Balmain (including Balmain East), Birchgrove, Dulwich Hill, Enmore, Haberfield, Leichhardt, Lewisham, Lilyfield, Marrickville, Petersham, Rozelle, Stanmore, St Peters, Summer Hill, Sydenham, Tempe and parts of Ashbury, Camperdown, Croydon, Croydon Park, Hurlstone Park and Newtown.

Service Review Program

Recent changes to legislation relating to continuous improvement require all NSW councils to identify services to be reviewed in each council term in the Delivery Program.

Inner West Council is committed to reviewing its services on an ongoing basis to ensure current and future community needs are met in the best possible way while planning for a sustainable future. Council has developed its Service Review Framework to identify potential service delivery improvements and drive more efficient use of resources while providing services to meet the needs of the community

Council delivers services as set out in this Delivery Program and Operational Plan. Some of these services are required by legislation while others result from community priorities. Council will undertake reviews on a rolling program basis as determined by the prioritisation process. The Service Review program will follow the Australian Centre of Excellence for Local Government (ACELG) Service Delivery Review Process and will be aligned to the Australian Business Excellence Framework (ABEF).

Service reviews to be undertaken during 2025/26 include:

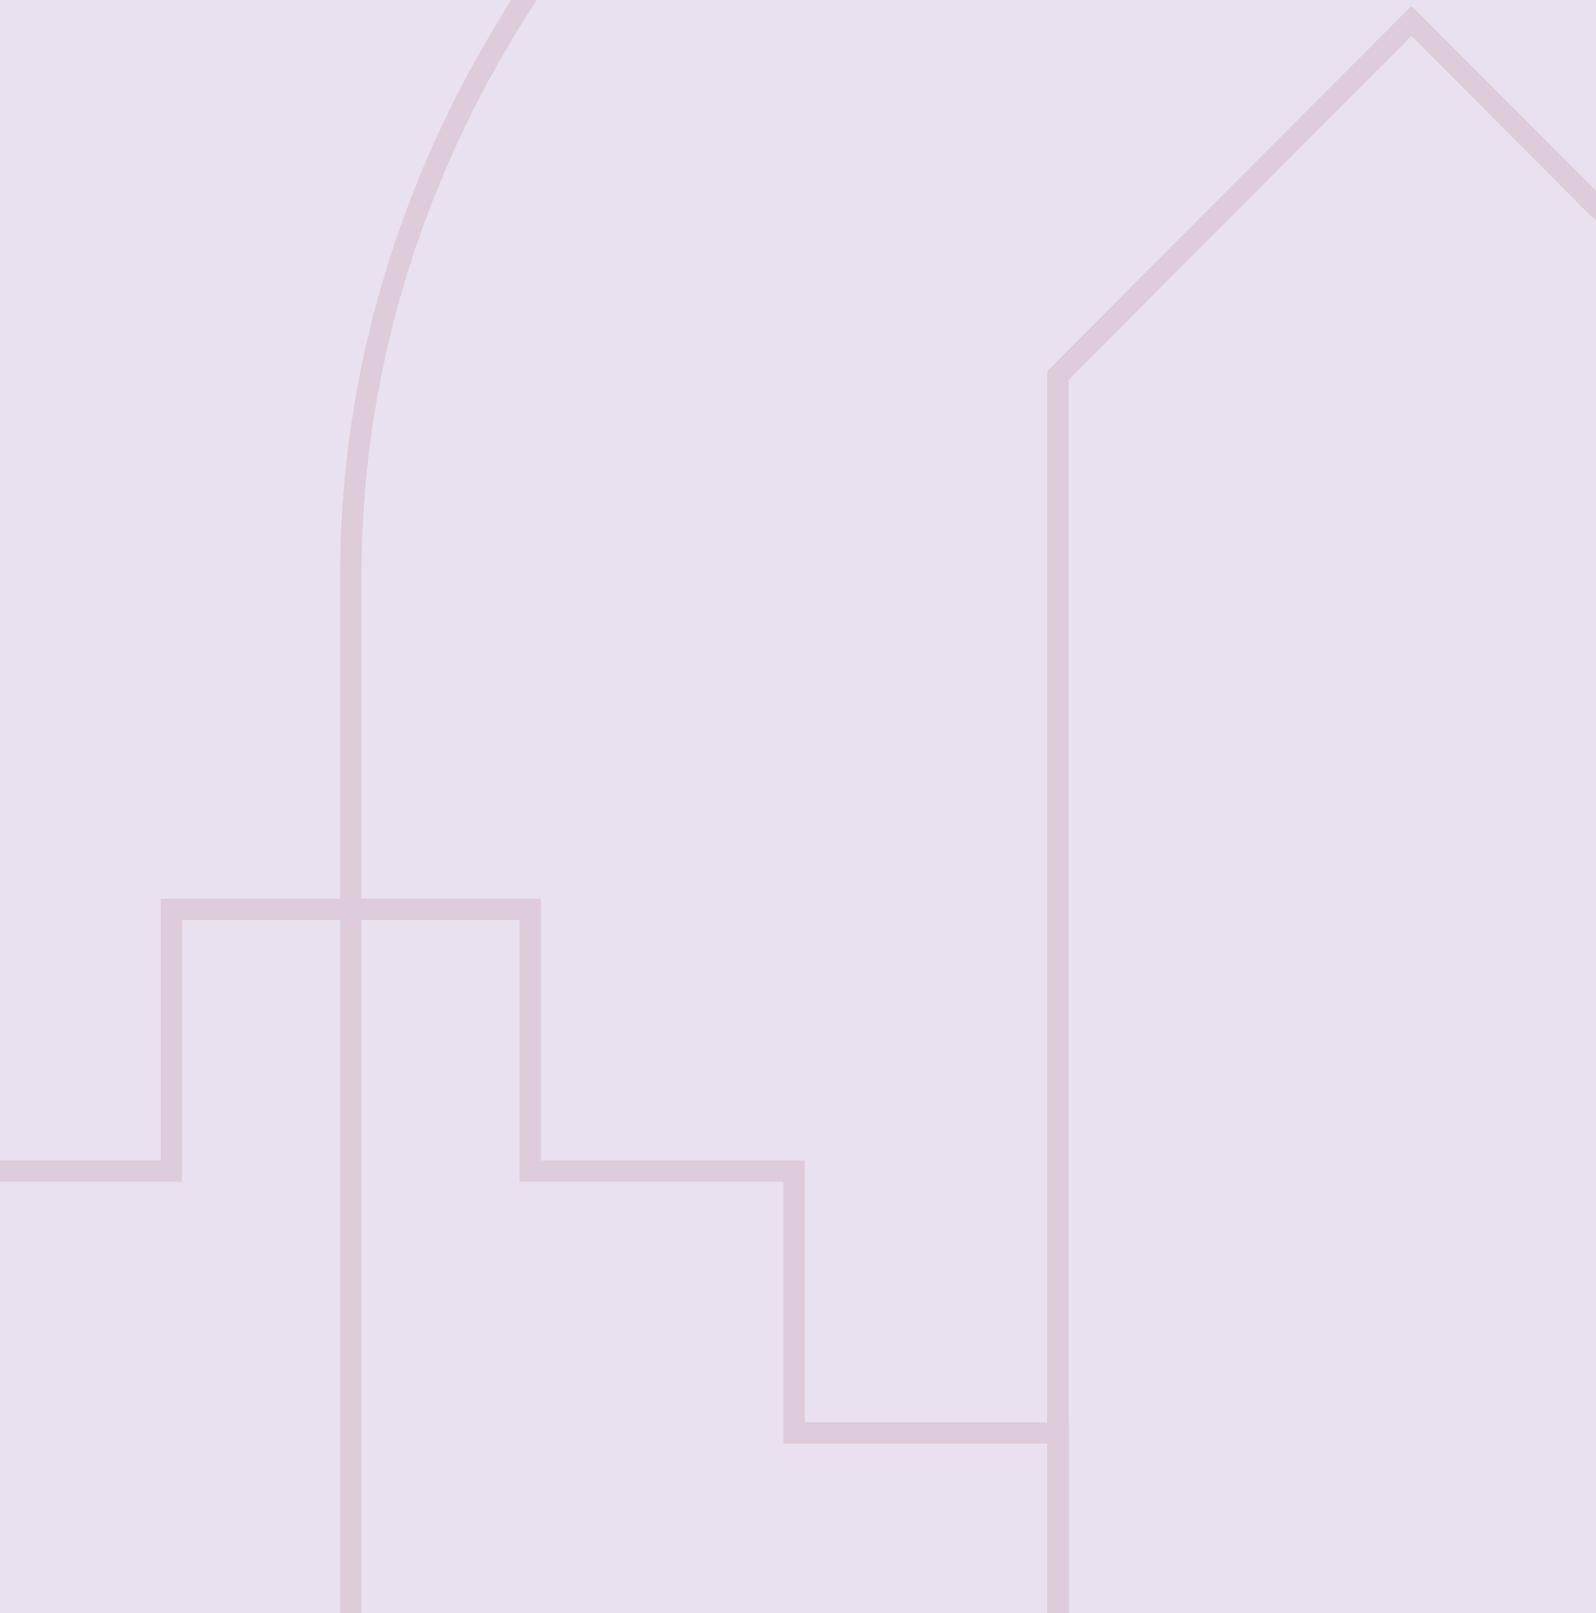

- Community Venues
- Trees - Private
- Graffiti
- Libraries
- Aquatic Services
- Parking and Ranger services
- Urban Sustainability
- Fleet
- Parks and Streetscapes
- Property and Strategic Investment
- Civil Maintenance
- Procurement

The outcomes of the service reviews will be published in Council's Annual Report.

Section 3: Budget and Statement of Revenue Policy

Key drivers and context

The 2025/26 budget has been built on the premise that existing service levels will be maintained and developed in tandem with Inner West's Delivery Program 2025-29. It also includes a four-year capital works program that sees several large-scale projects continuing during the financial year and new projects included.

Key drivers of the budget include:

- IPART has set the 2025/26 Rate PEG for Inner West Council at 3.7%.
- Maintaining the current Domestic Waste Management reserve.
- Fees and Charges for 2025/26 have been indexed at 3.8% unless stated otherwise. Over the 10-year LTFP it is forecast to reduce to 2.5%.
- Increase of salaries and wages by 3.0% in per the State Award commencing 1 July 2023. Over the 10-year LTFP salaries and wages are forecast to return to 2.5% from 2026/27 financial year.
- Funding Councillor Priorities over the four-year operating budget and capital works program as detailed in the delivery program.
- Transparent four-year capital works program focused on capacity to reduce Council's infrastructure backlog.
- Segregation of funds to ensure footpaths, roads, stormwater and other key assets are renewed at the appropriate time in their life cycle.

Applying these drivers to the 2025/26 budget has resulted in Council's financial position being projected to run at an accounting operating surplus (excluding capital grants and contributions) of approximately \$0.1 million. Council maintains surpluses over the four-year operating budget totalling \$4.1 million over this period.

Council will continue to focus on reviewing its services and deliverables over the next few years to ensure Council's long term financial sustainability, and to continue delivering services at a high level.

The budgeted Financial Statements and Revenue Policy outline Inner West Council's methodology for forecasting budgetary performance and how Council will levy some of its primary sources of revenue for the 2025/26 financial year.

Resource commitments

The Operational Plan and Budget 2025/26 reflects the following resourcing commitments:

- The infrastructure renewal program will be maintained to levels required by Asset Management Plans.
- Maintaining Council's existing level of service to the community.
- Council continuing to focus on improving services offered to the community as well as those delivered internally.

Loan borrowing

Council borrowed \$40 million to redevelop Ashfield Aquatic Centre. This loan is with the NSW Treasury TCorp organisation that provides funding opportunities for local government and other State agencies. These borrowings will be repaid from the rates income raised over a 20-year period.

Council has principal outstanding on its loan borrowing of \$34.3 million as at 30 June 2024. Council's Debt Service Cover ratio, which measures the availability of operating cash to service debt including interest and principal repayments, is forecast at 22.31 to 1 at the end of 2025/26. This is well above the Office of Local Government's benchmark of 2 to 1.

Rates overview

About the rates

Council's Rate Revenue is determined by rate pegging legislation which is administered by the Independent Pricing and Regulatory Tribunal (IPART). Rate pegging limits the amount which councils can increase their rate revenue. The rates for the 2025/26 financial year are set in accordance with the Local Government Act and have been increased in accordance with the IPART determination. The increase (rate peg) for Inner West Council determined by IPART for 2025/26 is 3.7%.

Council's rating maps are available to view on the Your Say page during public exhibition and hard copies are available at Council library locations.

Rates valuations

Council receives land valuations for rating purposes every three years from the Valuer General. New land values were issued by the Valuers General Office and will come into effect from 1 July 2025. These land values have been used to calculate the rates income. Property owners whose land values increased may see a proportionate increase in their rates. Any objections to land valuations need to be directed to the Valuer Generals office.

Rebates and Hardship

Starting from 1 July 2018 all eligible pensioners in the Inner West local government area are receiving an additional voluntary rebate for their domestic waste and stormwater charges. This is subject to being a continuous residential owner for 10 years or more.

Council recognises that due to exceptional circumstances, ratepayers may at times encounter difficulty in paying their annual rates and charges. Council has a Hardship Policy that provides a framework for providing relief to any ratepayers who are suffering genuine financial hardship.

Interest on overdue rates

Council must set the interest payable on overdue rates and charges for 2024/25 in accordance with Section 566(3) of the *Local Government Act 1993*.

In accordance with section 566(3) of the Act, it has been determined that the maximum rate of interest payable on overdue rates and charges for the period 1 July 2025 to 30 June 2026 (inclusive) is 10.5% per annum as advised from the Office of Local Government.

The following table outlines the rating structure for Inner West Council from 1 July 2025.

Domestic waste management charge

Council levies a Domestic Waste Management Charge under Section 496 of *the Local Government Act 1993*, noting that Section 504 of the Local Government Act requires that Domestic Waste charges be set so as to be self-funding, with neither profit nor subsidy being provided to or from general income.

The 2025/26 budget has been prepared on that basis to maintain the Domestic Waste Management reserve and transition to a full cost recovery charge.

The charges for 2025/26 for a yearly service and estimated yields are detailed in the below table.

IWC domestic waste management charge	25/26 charge	No. of Services	Income
Minimum DWM per service: 80L or less fortnightly garbage, 240L fortnightly recycling & 240L weekly garden organic waste	\$427.50	10,820	\$4,625,550
Standard DWM per service: 120L fortnightly garbage, 240L fortnightly recycling & 240L weekly garden organic waste	\$570.00	73,215	\$41,732,550
Maximum DWM per service: 240L fortnightly garbage, 240L fortnightly recycling & 240L weekly garden organic waste	\$854.50	784	\$669,928
Vacant Land / Availability	\$285.00	587	\$167,295
Total		85,406	\$47,195,323

Stormwater management services charges

In accordance with Section 496A of *the Local Government Act 1993*, Council will levy a stormwater management charge on all parcels of rateable land categorised for rating purposes as "Residential" or "Business", not being vacant land, land owned by the Crown or land held under a lease for private purposes granted under *the Housing Act 2001* or *the Aboriginal Housing Act 1998*.

There have been no changes to rates applicable in applying the Stormwater Management Charge. Council will continue to levy a Stormwater Management Charge in 2025/26.
